WILL GO TO GRAND JURY

Grainer Held For Shooting
Conductor Stowell

HELD IN SUM OF \$1,000

The Defendant Reiterated
His Story of Self-Defense
When He Was Ordered
Off the Conductor's Train
on April 3.

The preliminary trial of Walter
Grainer for assaulting Conductor S. S.
Stowell with a deadly weapon at this
place on Sunday afternoon, April 3,
was held yesterday afternoon in Jus-
tice Irwin's court and resulted in the
defendant being bound over to the next
session of the grand jury with bail
fixed at \$1,000.

One of the features of the trial was
the defense offered by Grainer, who
was his own attorney. In his state-
ment of the case after giving an ac-
count of a few of his wanderings,
which began in New York, westward to
Goldfield, Nevada, thence to Australia,
South Africa and Europe, he related
that he arrived at Webster, a siding
on the P. & E. road on the desert
southeast of Mesa. It was here that
he boarded the train and stated that
he paid the brakeman 50 cents to let
him ride to Tempe. He further testi-
fied that another brakeman came along
and demanded another 50 cents which
allowed him to ride until he reached
Mesa. As the train was pulling out of
Mesa and going eleven or twelve miles
an hour he stated that the conductor
approached the car and told him to
get off and insisted that he obey it.
He then, he stated, that the conductor
slapped him at the side of the head
and he drew his weapon and fired. The
real defense put up by Grainer was
that he has a serious rupture and to
substantiate his claims Dr. Palmer
was called in to make an examination
and then took the stand and testified
that the man was suffering from a
rupture and that a jump of six or
eight feet would be painful but not
necessarily serious. The real contention
of the defendant was that on ac-
count of his ailment he was afraid to
jump, and another reason was that he
believed it would mean an injury to
him had he jumped while the train
was at a speed which he be-
lieved it was.

The territory was represented by As-
sistant District Attorney Lyman, who
introduced evidence principally to
show that there had been a crime com-
mitted and that Grainer was guilty of
committing the crime.

Conductor Stowell was present to
testify, although he was evidently suf-
fering considerably as a result of the
shooting. The conductor's testimony
in a good many details was the same
as that given by the defendant, name-
ly that he appeared over the side of
the car and saw the defendant and
that he asked him to get off. He testi-
fied that the train was just leaving
the station and had not attained a
speed greater than four or five miles
an hour, a speed that would not pro-
hibit any man getting on or off the
car.

S. Gates the conductor and Fred
Phelps motorman who were in charge
of the motor car that was standing
on the siding waiting for the freight
to pass, testified that they were qual-
ified to gauge the rate at which the
train was running and that in their
opinion the train on which the con-
ductor was shot was not going to ex-
ceed four or five miles an hour. Mo-
torman Phelps further testified that
he saw the conductor motioning for
the man to get off but could not hear
anything that was said. However, he
called to the brakeman as soon as he
saw the shot fired, that the conductor
was shot and that the brakeman ran
alongside the cars and turned on the
air, stopping the train.

Charles Bloomer appeared as a wit-
ness for the defendant and testified
that he saw the shooting and that in
his opinion the freight train was go-
ing twelve miles an hour. Mr. Bloom-
er, however, testified that he was a
farmer and was not an expert on
judging the rate at which trains were
moving.

Grainer testified that this was the
first time that he had ever been in
charge of an officer. He conducted
his case with considerable ability for
an ordinary layman, dismissing his
witnesses after cross-examination with
"That'll be all" with professional
abandon.

SANTAL-MIDY

SYSTEMATIC MEXICAN.

When Nicholas Vaeza was informed
that he had been drunk in Justice Ir-
win's court yesterday morning the man
pulled out his check book and wrote
a check for the necessary \$7. His com-
panion C. Castro was likewise assessed
a similar amount and Vaeza wrote out
another check to cover the amount.
Vaeza has a contract for clearing a
tract of land for C. H. Brass south-
east of town and the two workmen
were informed by Marshal Peterson
that they were getting a little over-
loaded. The officer finally took the men
to the edge of town and sent them on
their way. However, the marshal had
hardly arrived back in town until he
ran across them again and they had in
the meantime become almost blind in
their desire to further the prohibition
movement by drinking up all the liquor
in town.

LOOKING OVER SYSTEM.

H. S. Reed of the reclamation ser-
vice and Attorney C. S. Whitbeck were
in Mesa yesterday looking over the
southeast canal systems. According to
Mr. Reed the branch of the local
reclamation service offices will be
moved into the room in the Chandler
building as soon as the necessary coun-
ter and shelving work can be done.

SIMILAR OPERATIONS.

Through the sheriff's office the in-
formation has reached this place that
the operations of Vera Rice or Riel are
very much similar to those perpetrat-
ed by a woman in El Paso going under
the name of Maggie Gillett. The de-
scription of the El Paso woman is
very meager. It was impossible to tell
whether the woman hiring the livery
rig at the Mesa feed yards and later
starting for Roosevelt was the same
woman who hired rigs from the El
Paso liverymen. At any rate W. E.
Smith, proprietor of the Mesa feed
yard, has returned with his outfit and
the woman borrowed \$11.25 from a fel-
low camper which was enough to sat-
isfy the court costs. The case in so
far as the Mesa justice is concerned
is probably ended.

ANOTHER TRANSFER.

The quarter section of land belong-
ing to Annie C. Toney, more particu-
larly described as the southeast quar-
ter section of section 18 township 1
north, range 6 east, has been sold to
J. B. Brown, the sale being consum-
mated by the Arizona Land company.
This land lies a half mile from the
Roosevelt road and has all been un-
der cultivation at one time, thus in-
suring good water rights. It will be
watered from the Eastern canal and the
price paid was \$100 per acre. It is un-
derstood that it is the intention of
Mr. Brown to at once commence the
clearing and fencing of the land and
that this fall he will sow the entire
tract to grain and alfalfa. It is his in-
tention to make it his home and to
otherwise improve the tract.

NEWS NOTES.

F. T. Pomeroy has returned from a
several days' visit in California. Among
other things he rode in a balloon, vis-
ited Catalina island, ascended Mount
Lowe and inspected a torpedo boat.
Miss Alberta Peterson was a Mesa
visitor from Phoenix yesterday.
J. J. Sladich will leave for a short
visit at Humboldt today.

Mrs. Charles P. Hill and family have
gone to Pinetop for a short visit.
Mrs. James Passer has accepted a
position with the Lescure company
dry goods department.

P. C. Carney is in town from the
Superstition mountain country and re-
ports everything quiet in his section
of the territory.

J. H. Minter has returned to Weeks'
station. His son who was recently in-
jured, is thought to be out of all
danger.

George Chappell has accepted a po-
sition as driver on the Mesa-Roosevelt
stage line in the place of James King.
Lorel Dana, the 6-year-old child who
was kicked in the hand by a horse, was
reported as improving yesterday.

MISSIONARY TEA.

A meeting of the Home Missionary
society of the Methodist church will
be held Friday afternoon at the home
of Mrs. Robert Longmore. This is the
date for the regular quarterly tea, and
all members should be present.

MORE ANONYMOUS LETTERS.

The local postoffice is again being
besieged with anonymous letters, a
sample of which was given in these
columns several days ago. These let-
ters are dropped in the rural free de-
livery boxes at all points along the
route. They are generally addressed
"To a Friend," and are always un-
stamped. The postmaster has taken
the matter up with the authorities to
determine if anything should be done
in the matter. The wording in all the
communications is practically the same
and is evidently from some one labor-
ing under the hallucination that he is
the possessor of a patent worth sev-
eral million dollars.

WATER COMMISSIONER HERE.

Court Commissioner Frank P. Trott
was a Mesa visitor yesterday and
among other things relative to the
distribution of water, notified a few
parties who had been successful in the
recent hearing where their lands had
been changed from white to red.

WILL LEAVE FOR OREGON.

Mr. and Mrs. D. T. Hibbert and
family will leave tomorrow for Oregon,
where they expect to make their home
for a time at least. Mr. Hibbert vis-
ited Oregon last season and is of the
opinion that he can make that his
home for a while at least. He dis-
posed of his personal holdings here,
but will retain his ranch so that in
the event that he decides to return to
the valley again he will not be with-
out a home.

SALARY INCREASED.

The information reached this place
yesterday morning to the effect that
the salary of Postmaster Newell has
been raised \$100 per year.

WILL PLAY BALL AT FLAGSTAFF.
Ernie Williams and Dode Morris
have been secured by Flagstaff for a

series of baseball games to be played
on the 2nd, 3d and 4th of July.

WILL VISIT PARENTS.

Mrs. E. G. Attaway will leave with
her young daughter on Saturday after-
noon for a visit with her parents at
Lawton, Oklahoma. Mr. Attaway will
accompany them as far as Maricopa.

LEFT FOR GLOBE.

Apostles Francis M. Lyman and
Anthony Ivins left yesterday morning
via stage for Globe.

RETURNS FROM PROSPECTING.

Ramon Mazon has returned from a
prospecting trip in the mountains
southeast of Mesa. While away he al-
so did some assessment work, on
claims already staked out.

WENT TO AGUA FRIA.

W. S. Dorman left Mesa early yes-
terday morning for the Agua Fria sec-
tion accompanied by two prospective
investors, who are going to look over
the Dorman ranch. M. A. Stewart ac-
companied the party as far as Phoe-
nix.

WILL ENTERTAIN SENIORS.

Miss Arizona Johnson will entertain
the senior class at her home in the Lehi
district this evening. Miss Johnson
was also a member of the graduating
class.

ONE ON THE HOTEL MAN.

"There is one thing about this place,"
boasted the hotel proprietor, "and that
is we never make any false claims.
Anything you see on the menu can be

"That so?" chuckled the humorous
guest, as he looked over the much-
used "Well, being me some

TEMPE THE CLASS EXERCISES OF NORMAL SENIORS

Held at the School and Completed
Down Town.

The senior class of the Normal
held their class exercises yesterday
morning at the school and concluded
them down town. The exercises con-
sisted of the class prophecy by Miss
Jennie Ellingson and an address by
Wiley Hanson, the class president, to
say nothing of a number of original
songs.

Following the exercises, the class
adjourned to the Easterwood ice
cream parlors, where light refresh-
ments were served and where songs
were sung for an hour or so. This
year's graduating class numbers
twenty-two, being the following
named: Emma L. Bell, Fannie L.
Breedlove, Olive E. Conroy, Loren
A. Cox, Norma E. Creighton, Meda A.
Dickinson, Mary A. Duffy, Jennie El-
lingson, Wiley A. Hanson, Albert A.
Jungman, Lulu B. Keating, Nathaly
S. Larson, Marjorie F. Leavell, Laura
B. McGill, May McKay, Anna Priest,
Maude P. Shivers, Mary E. Tierrell,
Frank E. Thomas, Anna M. Tom,
Ruth A. Turner and Georgia B. Wil-
cox.

SCARED INTO SOUND HEALTH.

Mr. B. F. Kelley, Springfield, Ill.,
writes: "A year ago I began to be
troubled with my kidneys and blad-
der, which grew worse until I became
alarmed at my condition. I suffered
also with dull heavy headaches and
the action of my bladder was annoying
and painful. I read of Foley Kidney
Pills and after taking them a few
weeks the headaches left me, the action
of my bladder was again normal, and
I was free of all distress." Sold by
Elvey & Hulet's Drug Store.

THE WEATHER REPORT FOR THE PAST WEEK

The Warmest May Day On Record
Was On Last Monday.

The weather report supplied by F.
H. Simmons of the Date Orchard for
the week ending June 5th at 6
o'clock, shows the hottest May day
that was ever recorded. On the 29th
the thermometer reached 115°. The
report for the week is as follows:

the kidneys and bladder. Sold by El-
vey & Hulet.

VAUDEVILLE SHOW.

Manager Goodwin has secured a
first-class vaudeville company for a
performance at the opera house on
Friday evening of this week. In ad-
dition to the vaudeville acts, there
will be four moving picture films and
the usual illustrated songs. With-
standing the additional attractions,
there will be no advance in prices.

NEWS NOTES.

Andrew Nielsen left last evening on
a business trip to Los Angeles and
other coast points.
D. A. Millett of Enterprise is a
visitor here this week.

The regular monthly meeting of
the high school board was held Mon-
day evening and in addition to the
payment of the regular bills, some
little time was spent in figuring out
the assessment for the coming year.
It is estimated that the expense will
be about \$9,000 for the coming year.
This will mean a levy of 70 cents on
the \$100 valuation.

THE SENIOR CLASS PLAY

Tonight's Program At the
Normal

GRADUATION TOMORROW

And an Address by Mayor
Christy of Phoenix—The
Public Cordially Invited
to Attend Both of These
Programs at Auditorium.

This is class night at the Normal,
and the evening's program will con-
sist of a play in three acts entitled
"Rebellious Susan," by the members
of the class. Tomorrow evening the
graduating exercises will occur. The
address to the graduating class will
be delivered by Mayor Lloyd Christy
of Phoenix and the diplomas will be
presented by Acting Governor George
U. Young.

It should be distinctly understood
that the public is cordially invited to
attend both of these programs. This
year, for various reasons, the usual
announcements of commencement were
not issued as generally as has heret-
ofore been the custom, but the board
and faculty take this means of ex-
tending a hearty invitation to the
public. Both programs will be held
in the Normal auditorium.

The cast of characters and synopsis
of tonight's play are herewith given:

OPPORTUNITY OFFERED FOR GOVERNMENT JOB

Examination July 2d for Position of
Rural Carrier on Route No. 2.

Postmaster Mullen has posted the
following notice of a rural carriers'
examination which will be held at the
office on the 2d of July:

"A competitive examination under
the rules of the United States civil
service commission will be held on
Saturday, July 2d, for the position of
rural letter carrier at Tempe, Ariz.
As a result of the examination, it is
expected that certification will be
made for filling the position of car-
rier on rural route No. 2 and for
other vacancies at that office as
they may occur in the future, unless
it shall be decided in the interest of
the service to fill the vacancy by re-
statement, transfer or promotion.
Application for this examination must
be made on the prescribed form,
which, with the necessary instructions
and copies of the regulations, may be

There now exists a vacancy on
No. 2 from the Tempe office, owing
to the resignation of the carrier who
filled that position for a number of
years. It is understood that there
are a large number of applicants who
intend to take the examination.

A LITTLE GIRL'S NARROW ESCAPE

Fell Into a Sixteen-Foot Well and
Came Out Unharmed.

Gladys, the 3-year-old daughter of
Mr. and Mrs. Ben Pearson, met with
an accident last Saturday, the nature
of which nine times out of ten would
have resulted in death. The remark-
able part of it is that the little girl
was hardly more than scratched.

There is an old unused well where
the family is living that is covered
with planks. One of these planks had
been pulled off the well, leaving it
partly open. The little girl was play-
ing near the well and her mother
had just turned and was walking
toward the house when she heard the
little one fall, and looking back saw
that she had fallen in the well. Natu-
rally she screamed, and her cries at-
tracted the attention of neighbors
nearly a quarter of a mile away.
They rushed to the spot and found
that the little girl was on the sur-
face of the water and was supporting
herself by holding on to an old pump
pipe. She was promptly rescued, and
it was found that aside from a slight
bruise on one hand, probably sus-
tained from striking the pipe, she
was unharmed. The well was about
sixteen feet deep, with six feet of
water.

GLAD TO RECOMMEND THEM.
Mr. E. Weakley, Kokomo, Ind., says:
"After taking Foley Kidney Pills, the
severe backache left me, my kidneys
became stronger, the secretions nat-
ural and my bladder no longer pained
me. I am glad to recommend Foley
Kidney Pills." In a yellow package.

MRS. JOHNSTON'S FUNERAL.

The funeral of Mrs. J. L. Johnston
will be held this morning at 10
o'clock from the home, Revs. Fisk
and Hardon will officiate. Mrs. John-
ston had been received from her brother
and sister in California that it will
be impossible for them to be here, the
brother having but recently left the
hospital after a spell of sickness.

THE SCHOOL CENSUS.

W. D. Britton, the school census
marshal, has about completed the
work of taking the census in town.
It is complete in every respect, and
as detailed as the United States cen-
sus. If anyone in town has been
overlooked, they should at once re-
port that fact to Mr. Britton, as he
wishes to close up the books this
week.
